Three inches of rainfall within the past ten days is a thing bound to change the attitude of the people towards the outlook of the future. Crops on the well cultivated land that escaped serious injury from the earlier winds are making progress toward a very satisfactory yield indeed. West of town the general average is perhaps more favorable than to the east. The pasture lands are greening up in a manner unknown since sixteen. Those who planned on making hay from most of their rye are now pleased to find very well filled heads where a hopeless situation faced them less than two weeks ago.

The Lomond Local U.F.W.A. is holding its annual picnic at the home of Mrs. R.W. Thomson on the afternoon of Wednesday July 19th. All U. F. W. A. and U. F. A. members are invited. To ensure success, the hint is dropped that it will be quite in order to bring along well filled picnic lunch baskets.

Johnny and Chris Holo, John Urdal, D. K. Shilling and Nels Sokvitne contributed a car load of cattle to the Calgary market last week. At least that is the way they felt about it when they got their returns. Prices are completely demoralized and there is little use in taking up anything but grain fed and well finished animals in the hope of getting more than "fixed charges."

Misses Evalina and Jessie Aselstine are spending the week at Calgary and at Big Valley with Mr. and Mrs. Frank Brown.

Vern Davies was up to the city last week on business also taking in the opening of the big exhibition. Vern has opened up the Home Grain Co. elevator again at Lomond, the company having decided upon this action since the advent of the rains which give the district assurance of a fair average crop.

H. N. Hanna and wife and

family spent several days this week at Calgary taking in the big show.

Rev. F. Forster took a number of the Boy Scouts to the camping grounds on the Bow River near the Cluny bridge. W. A. Teskey and Frank Connolly took two car loads of the boys out early on Monday evening, Mr. Forster following a little later with the camping equipment. In the meantime the heavy thunder and rain intercepted the car with the equipment and camp was established beneath the canopy of the two leading cars till after midnight, when the storm subsided and the camp equipment appeared, the driver and his attendant being well washed through.

Miss Nora Newton who has completed her high school studies at Calgary is now home for the holiday season.

Mrs. Holden and Mrs. Phillips are taking the Girl Guides to camp next week.

Mr. and Mrs. Temple are enjoying a visit from their little nieces, Misses Ruth and Jean Temple, of Calgary.

J. H. T. McLean spent the holiday season in Calgary looking after private interests. He is now greatly perplexed over the solution to the financial problem since seeing the pari mutuel machines in operation behind the race tracks.

Lomond was well represented at the Vulcan sports on July 1st. There were two or three good ball games and a few exciting horse races.

Armada celebrated locally in picnic style on July 1st, one of the main features of entertainment being a ten-innings base ball game in which Armada administered defeat to Yetwood.

Badger Lake and Midway U. F. As. combined forces in a rousing big picnic at the Lake on July 1st. Everything was up-to-date, refreshment booth operating, full program of

sports with cash prizes awarded, Mrs. Andrews winning the fat ladies' race by a neck from Mrs. Little. The married and single men played a football game and as usual the married men demonstrated their superiority. In the tug-o-war the Midway team sat heaviest on the rope and won the stakes.

The Bow Slope colony celebrated July 1st. with a big picnic, and according to some of the reports that have leaked through, all the irrigation in that area on that day was not done with water.

Mr. and Mrs. George Hedges and Jack leave on Saturday morning on an extended holiday trip to Vancouver that will take them through the Crow's Nest Pass and the Okanagan Lake country and back by the main line. They will be gone a month or more and Jas. Mapson will keep up steam for the C. P. R. while George is away.

Jim Cawsey is as proud as a father of ten over the fact that his base ball team won a double header at the July 4th celebration staged by the Yetwood people at the south dam. Lomond defeated both the Armada and Yetwood teams.

Mr. and Mrs. J.H. Williamson and family left this week on a holiday trip to Vancouver, going by way of Edmonton and Prince Rupert on the C. N. R. thence to Vancouver by coastal

steamship. Mr. Williamson will be gone but a couple weeks, the family remaining for the holiday period.

Born, at Enchant, on Wednesday, July 5th., to Mr. and Mrs. Edward L. Drake, a son.

Born, at Enchant, on Saturday, July 5th., to Mr. and Mrs. Robert Thwaites, a daughter.

Two fussy travelling salesladies were riding in opposite seats in the train. One thought the car was too hot, the other said it was too cold.

Just then a dusky porter came thru. "Porter," commanded the first lady, "I wish you'd open that window. I'm nearly smothered."

"Don't you do it!" snapped the other. "If you do I'll freeze to death."

The porter scratched his head.

"What you spose Ah should do in a case lahk dat?" he asked a portly looking travelling man, about two seats to the rear, trying to enjoy a little reading.

"Open it a while and freeze one; then shut it and smother the other."

NOTES

The Press has been greatly impressed by the apparent shallow reasoning some of our discontented settlers express. "I am going to beat it till this country comes back, then I'll come back and sell my land." Just how they figure the country could come back without people here to take care of the farming operations is more than The Press can see through. And just how saleable abandoned land is to the incoming settler one can conceive readily enough. It is a case of sink with the ship or swim to shore. It takes progressive citizens to build a successful community. The best land on earth makes nothing but a pasture without the hand of man.

The Press learns that there is a considerable enthusiasm locally over the domestic manufacture of cheese. Mrs. A. C. Little, the pioneer of this local industry, has been demonstrating to the Midway ladies thru the medium of the U. F. W. A. With the present low price on other milk products it is little wonder that people seek a new outlet for their product. Why import the Ontario product and dump our own milk out to the chickens?

You will notice we said "to the chickens" in the above article and not "to the pigs." There are so few Irish pets in this country that to speak of them seems negligible and to belittle the dairy enterprise. Little wonder bacon is pretty much of a luxury.

The idea of taking the boys and girls out to summer camp is one that must commend itself to those who have studied the art or science of child development. One of Prof. Ottewell's remarks when speaking here a week ago touched upon this point. Before coming here Prof. Ottewell has just completed his work in connection with the short course for farm boys and girls. One of the most difficult features the staff had to contend with was the lack of familiarity of the boys and girls with organized play.

Boys and girls are frequently at a disadvantage when they start out in life from the mere fact that cannot "play" with their business associates.

The editor of the Brooks Bulletin while attending the Press Association convention held in Ottawa last month took the opportunity to see the working of the Quebec liquor control. While he enjoys a good Scotch name he must be lacking in taste, for he has the audacity to come home and tell the Alberta people that they should consider themselves well off under their present much maligned prohibition laws. We presume it is the same old story. One seldom appreciates home until he travels abroad and sees what the other fellow is up against.

Good Sport

Don't be a "sport"—as per the vulgar interpretation associated with that term—but set about to enjoy some line of good sport.

Make a hobby of some game, be it base ball, foot ball, tennis, golf, fishing or shooting. Set aside a reasonable amount of your time and devote it to your own peculiarly chosen hobby.

Like David Harum's fleas, a reasonable amount of sport will keep you from "broodin' over bein' a dog." It has a most refreshing result, both physically and mentally. No more emphatic argument could be used than the bye-word of Europe, "Lloyd-George does it."

Municipal Council Holds Session at Travers

Minutes of a meeting of the Council of the Municipal District of Clifton, No. 127, held in the U. F. A. Hall at Travers on Monday, July 3rd. Meeting called to order at 2:00 p.m. with all members present. Minutes of previous meeting read and after explanation to Coun. McPherson re general municipal tax rate were adopted.

First business of meeting was the discussion of road work and matters concerning same. Moved by Coun. Talbot that secretary write O. L. McPherson, M.L.A., and H. G. Dimsdale, road commissioner, re road through the N. E. 1/4 8-15-21 requesting the government to inspect this roadway with the idea in view of opening up same, this being part of a trunk road to Champion from Travers. After some discussion the motion was made by Coun. Wighton that the council spend 25% of the general municipal tax on road work, the amount thus spent to be allowed on the taxes. By motion of Coun. Hornberger the scale of wages was set as follows: \$8.00 per 10-hour day for man and four horses. \$5.75 per 10-hour day for man and two horses. \$3.50 per 10-hour day for man only. In case of foreman \$1.00 per day extra to be allowed.

Letter from Department of Public Works stating that the government was making a grant of \$1000.00 to the Municipal District for road work. Moved by Coun. Wighton that the grant be accepted.

Letter from Soldier Settlement Board concerning taxes on lands in which it is interested. Moved by Coun. Talbot

that on receipt of a statement of said taxes from Municipal District the S. S. B. be required to remit taxes by return mail, otherwise the penalty would be added.

Moved by Coun. Wighton that the Government be asked to enforce the Noxious Weed Act within the Municipal District, as owing to lack of funds the Municipal District was unable to appoint inspectors to carry out the Act.

Letter from the Department of Agriculture concerning the branding and venting of animals sold at pound sales, that in accordance with the Domestic Animals Act the Municipal District should secure a brand of its own for branding and venting purposes. Moved by Coun. McPherson that the brand of the Municipal District be 7 as first choice and C as second choice, placed on the left shoulder, for venting purposes the brand to be placed 'lazy', but if unable to obtain design as requested the selection be left to Brand Recorder.

Letter from the secretary of the Travers U. F. A. notifying the Council that the Travers U. F. A. Hall was available for council meetings at \$3.00 per sitting. Coun. Talbot moved acceptance of the offer with the understanding that heat and light be supplied when necessary and the U. F. A. secretary to be notified accordingly.

Letter from the Equalization of Assessment Board notifying Council that appeals re assessment would be heard at Lomond on July 5th. Moved by Coun. Talbot that the secretary act as representative of the council at this sitting and enter a plea for a reduction in the assessed valuation of lands within the Municipal District.

Moved by Reeve Rodgers that Coun. McPherson look after the arrangements for the closing when necessary of the grasshopper bait mixing station at Travers when necessary.

Letter received from Chas. O. Asplund asking for certain information regarding the results obtained from the use of the grasshopper bait. The secretary was instructed to place the letter on file.

Re the disposition of barrels and sack at the mixing stations when same become empty, moved by Reeve Rodgers that the big barrels be sold for \$1.50 each, the smaller barrels for \$1.00 each and the empty sack sacks at 10c each. The arsenic barrels to be burned.

Letters from the Department of Public Health defining modus operandi in making payments to hospitals and medical practitioners on indigent cases arising within the Municipal District,

contents noted and Coun. Buhlinger moved that they be placed on file for future reference.

Moved by Coun. Buhlinger that no wild lands tax be charged for 1922 on the J. R. Donan lands, these lands now being leased for pasture.

Moved by Coun. Hornberger that A. Gavett be allowed to sow the fall rye obtained by him from the Municipal District in 1921, the secretary to make out new liens if rye is to be sown on land other than that named in the original liens.

The following bills were passed for payment:

R. H. Hughes, .90.

N. Holden, \$33.40, Reeve Rodgers to investigate and to be paid if correct.

O. R. Olson, \$112.00, bill to be certified by W. A. Newton as to quantities of supplies as stated on bill and paid if correct. Charges on this bill for unloading cars of sawdust to be referred back to Z. McIlmoyle, Department of Agriculture.

G. F. England, \$110.30 account filed until letter received from Department of Agriculture.

Most women think that bread-making is too hard work. That is only because they make it so. Whatever their recipe may be they should not laboriously knead the air out of the dough with vigorous punchings and pokings, because it is better to fold air into the dough which is a very simple process, occupying but a few minutes.

The quality of the bread depends largely upon the quality of the flour. Canadian spring wheat flour has long been a favorite because it excels in the proper kind of gluten. Soft wheat contains gluten which is not elastic and rubbery and while such flours may absorb water, the gluten cells do not retain the moisture, most of which is driven out by baking.

Do not waste your time kneading your bread. Fold it over. Mix your sponge into dough, folding in dry flour and air until you get the loaf of the right consistency. Treat it gently. The same dough will make beautiful rolls.

AN EFFECTIVE TREATMENT

Both the photographer and the mother had failed to make the restless little four-year-old sit still long enough to have her picture taken. Finally the photographer suggested that "the little darling" might be quiet if her mother would leave the room for a few minutes. During her absence the picture was successfully taken. On the way home the mother asked: "What did the nice man say to make mother's little darling sit still?" "He thud, 'You thit thtill, you little newthuns, or I'll knock your block off,' tho I that thtill," she explained.
